“ I can not imagine what you are going through sister. When someone you love becomes a memory, the memory becomes a treasure. My heart and prays goes out to you and your family during this difficult loss.

My help cometh from the Lord.*

“ I am truly honored and blessed to know your mother and sister. Grateful to be a child of God and know that his plan is the only plan. He makes no mistakes. Your wings were with you here! You touched so many lives. Including mines and I will never forget you. Praying for the family & May you be comforted in his words!

“ As I saw the last of the four doves fly away, this is your spirit that will continue to soar. Your unconditional love for your children will always be remembered. I will not forget all the stories your mom shared about you. You are the true definition of COURAGE. You fought a good fight, now its our time to fight LUPUS for you.

Blessings.

“ To my sister Kim, I know you gave questions, but don't fret for God knew best, make that full life that she lead everyday of life is carried on in you and her beautiful kids...God knew her destiny, for He says, I know the plans that I have for...know God never makes a mistake... I truly wish I could meet her sooner, but she gave me life at the party, when she came out that wheelchair and started dancing, I could how full of life she was and the full life that she lived until she took up wings and was returned her Father in Heaven...Love you Sis and know I'm here for you and your family...
