“ *Just want to say thank you Christine, for the moments we had during high school and all the talks and notes we shared in our yearbooks, even the time your brother tricked me and said he was your boyfriend and how jealous I got, haha. You were very special to me from the first time I met you back then. You had such positive energy and was full of life no matter what you were going through. I'm sorry this is so late and that I didn't make it to your funeral, but I will stop by and say hello sometime. I know your by your father's side now and probably watching down over everyone. Well I'm not sure what else to say right now so I will talk with you again one day.*

Thanks K.

ME

“ I will love you forever Christine. It hurts to know you are no longer on this earth. When our Dad passed I know I would not have made it without you. My tears are because I hate you left me and I hate you suffered so much. Rest in sweet peace sis. Wish you were still here. I love you.
