PS

“ *I was always in awe of Hazel's strength raising two kids alone and the amazing life she built for them. She was always kind whenever I had a chance to see her in Texas, and we have been fortunate to have Lillian come visit the last couple of years. Rest easy as you have lived a fulfilling life with your babies.*

With love- Peggy, David, Mary & Renee

Miss Me But Let Me Go*

*When I come to the end of the road
And the sun has set for me
I want no rites in a gloom-filled room
Why cry for a soul set free?*

*Miss me a little-but not too long
And not with your head bowed low
Remember the love that we once shared
Miss me-but let me go*

*For this is a journey that we all must take
And each must go alone.
It's all part of the Master's plan
A step on the road to home*

*When you are lonely and sick of heart
Go to the friends we know
And bury your sorrows in doing good deeds
Miss me but let me go.*

“*Worked with Hazel for many years, she was by my desk on April 22, any time she was in this building, she would stop by to see me. Very encouraging mother and friend. She always wanted the best for her children. I always asked her about Darrell and Lillian. She was talking about them this day. She knew my grand children because they attended school with her kids at Pecan Springs. You will be missed by many people at the city, as well as your family. Lord, bless this family, put your arms around them and keep them in your care always. This was a beautiful mother and an example as to what all mothers should do when it comes to their children.*”
