“ *My Uncle Hank was full of jokes coming up. Everytime we visited with my grandfather he had multiple jokes ready for us. Before anyone else could laugh he was laughing so hard. I could never laugh at the joke because I was laughing at how pleased he was to share the joke with us. Uncle Hank you are missed and I will do my very best to take care of your brother like you would want. We love you and I will continue to think of you daily*
