“ I am one of the many who knew L.D.through membership in the Austin Senior Golf Association. My first memory of seeing him was around 20 years ago at the 18th par 4 hole at Morris Williams. A group had finished their tee shots and were walking down the fairway and I noticed a ball lying pin high beside the green. Curious, I approached the group and asked who hit the long ball. L.D. nodded and with a sly grin indicated he was the one. He was a good golfer and nice person and i will miss his presence.

“ My sincere condolences to the L.D. family. I have only known L.D., the golfer, through being a member of the Austin Senior Golf Association. From reading the various tributes on his memory page, I now understand why he was such a gentleman and great person. He will certainly be missed. RIP my friend.

“ I am positively heartbroken at the loss of L.D. - He was a fixture at Morris Williams Golf Course. We would meet and talk early Wednesday mornings when he and I and the rest of the Austin Senior Golf Association had to wait patiently until 7 am to get a tee time for the following Tuesday. L.D. always had a smile that would brighten up the room whenever he entered the Mo Willie pro shop. His eyes told everone he met that he was a friend. We lost touch when tee time registration changed to an online process, but he would occasionally show up to help Charles Organ and Ray Harper move golf carts. L.D. was an exceptionally good golfer. After reading the many tributes on this site, I now know he was also a football and basketball star. It is truly sad that we know so very little about someone until they've passed on. He was truly agentle and loving person and we will miss him and that wonderful smile of his on the golf course.

“ *I extend my sincere condolences to the family of L D Washington. I will always have fond memories of L D. Oh, how I remember the thrill he brought to the students and faculty at the Original L C Anderson High School as a star football player. He continued his athletic stardom at Huston-Tillotson College as an outstanding basketball player. He was truly one of Austin's great black athletes. Thanks for the memories and Rest in Peace, L D.*

L.D. was a life long friend and golf partner. We played golf as partners in the early 1970's and remainder golf partner. Although I moved from Austin in 1978 we remained close friends and talked several times a month continuously throughout the years. I played golf with L. D. every time I was in Austin visiting family. He also visited me in Dallas and Baton Rouge. Before I met L.D. in my childhood I knew L. D. as a star football player and two times State Champion.

L.D. was honest, respectful of others, kind, and always willing to help others. His dedication to mentoring you kids and teaching them discipline and respect is commendable. I was blessed to have a dear friend like L.D. and he will forever be missed. I pray that God will give his family strength during the difficult days ahead. Calvin Cline
