“ *Our physical journey together came to an end when you were put to rest yesterday Friday July 21, 2017. The journey continues, though, in our hearts. You were a great buddy, more like a brother and the world was a better place with you. Until we meet again. MYSRIP.*

“ *"General" - a great guy you were indeed. Always there to sort out everyone's "problems". After a memorable visit little did I know the farewell at Austin, TX airport on 3 October 2016 was the very final one. Go well our friend and RIP.....*
