Belinda Parent - May 18, 2021 at 01:03 PM

I met Sandra in middle school at John Muir Jr. High. We were best friends. She was in my wedding. My maiden name was Belinda Reaux, my married name is Belinda Parent. Sandra sent me a message on classmates.com. I don't visit that site often so I recently saw her message and replied back to her. This really saddens me that I wasn't there for her. She got her wings on my birthday 8/6/63. I've been trying to reach her via social media. I even told her that I would check back on classmates weekly checking for her reply. I love and miss my friend. I met her mom and sister Brenda at their apartment. On Sunday I met with 6 of our classmates and I asked if anyone heard from Sandra and that's when I learned that she met our Father. I send my condolences and prayers to the family.

“ I meet Sandra when her team needed a lead. She asked me and I accepted, from that day forward we started a bond. She was a friend, and my mentor. Sandra and I grew close as she helped me and guided me at work. We would spend hours talking in her office, some about work mostly about life. We both walked in faith so I would ask her for guidance on things or prayers and she was always there for me. She would talk about her girls and I would share about mine! She was so proud of them! One day I was on the phone with her and she said baby girl is so loud you hear her and she shhh me can you believe her lol! We both laughed. Her girls were her life! Always ready to pull out her phone and show me pics of the last show or photo shoot her daughter did! I still remember my last convo with her and she told me don't fear it's in Gods hands. I know she's in Heaven now dancing her silly dances and cutting up. I miss her talks I miss her hugs, most of all I miss my friend. I know this isn't a goodbye, but it's a hard see you later. Until we meet again friend I will miss you and I cherish everything you taught me!

“ Sandra was best person to talk to. She would always give me that look, and say “girl come back to my office and talk”. It was always a talk of taking care of myself, rising above what was happening, putting my best foot forward. Always about doing my best., she gave great hugs. She could make me laugh hard also. A good soul. I will miss her a lot.

“ Sandra and I worked together here in Los Angeles and even though we only saw each other twice since she moved to Texas we never lost touch and talked often. As others have said, She was honest and spoke her mind but was a DEAR friend and I have good memories of time spent with her. Praying her daughters and family will let happy memories Comfort you.

“ Sandra truly was a beautiful person on the inside and out. We work together at IRS, I truly loved her smile, she wore it well. We always joke around, my sister name was Cassandra and we called my sister San dra, but Sun dra would always correct us and say Sun, not San. She will truly be missed. To her daughters, Sandra adored you girls, and she is very proud of both of you, she was always sharing her girls pictures. Family keep strong, because Sandra was a strong woman.

Death leaves a heartache no one can heal, love leaves a memory no one can steal.

Sandra your memory is my keepsake, with which I'll never part; God has you in His keeping; I have you in my heart.

My condolences goes out to the family. God bless you all!

“ From the very first minute you came to Department 4 and we interacted I knew we would have some good times together. You were very inspirational, smart, and a joy to work with. You would literally give the shirt off of your back--that's the woman that I will remember. I enjoyed our conversations on and off the clock and you inspired me several times to keep on pushing. You will be greatly missed by all that have come in contact with you. I for sure know that I am one of those people. As I type this I still find it hard to believe that you are gone, but I know you are in a much better place and will not longer be suffering. Until we meet again...

“ My one encounter with Sandra was walking through her work area when she happened to also be walking holding a plate with cookies she had baked. She saw me and offered one and bragged on herself a little, and let me tell you, she was right to. The cookie was one of the best I've had. Friends of Sandra and those who worked with her every day will not be surprised to read stories of that personality, outgoing and generous even to a complete stranger, and those moments of making the workplace a little friendlier which were appreciated.

“ We first met 13 years ago when I first joined the team after training. From the beginning she has always had the brutally honest, no non-sense approach that I found so endearing and appreciated so much because you understand that it came with love. Without fail, whenever she saw me in the hallway she would stop, stare and say mhmmm, as if she caught me doing something wrong. Let’s be honest, we all know she was the ‘trouble maker’ 😭. My thoughts and prayers go out to her daughters and all of her loved ones. Rest In Peace Queen 🙏

“ I can't stop the tears from falling but I know you are at peace and rest until the LORD comes and wakes you up with a new body that will never get sick or die. I'm missing our chats. Remembering how you and DM played he called a joke but I didn't find it funny. Remembering how you said you would never ride with me for lunch again, oh so many memories as we shared pictures and stories of your daughters and my daughter and grandkids.
