“ I would like to give my condolence to Jackson’s family. Please forgive me I know everyone is in their feelings. When you lose a loved one Fester played a big part in a lot of our lives. I truly can say you were a big brother-in-law to me that meant a lot just to see the smile on his face. I am truly going to miss my brother-in-law a.k.a. Festus may you rest hi above with the Angels. I appreciate your commitment. However, my dad’s name was not Festus. That is very disrespectful to me and my siblings.

“ This is a very sad time but, a time to reflect on the legacy that Willie Sr. left for his family. He was such a hard-working man. He was the first person on the job and the last to leave. He didn't just show up, he worked very hard. If there was overtime to work, he was there, every single time. He always left one job and went to work a side job with Preacher. His joy was providing for his family. The family was everything to him. His children were his pride and joy. His message to his children and all the youth in the family would be, yall should do better than I did, Those of you who knew him will remember him explaining why. Grieve for a season, but take the great things that he did and hold them close to your heart, and smile. I am in prayer for everyone. This will become bearable, but it will always leave a little sting. Stay strong and keep your hand in God's hand. He will see you through.

*Sue, To you and you family, God will never put more on anyone of you that you can't handle. Look to the hills for which cometh your help. God calls his children home when they have completed their work here in earth. Just know you have gained an Angel..... II Timothy 4:7 I have fought a good fight, I have finished my course, I have kept the faith.*
